

New York Oceanic and Oakland Oceanic Data Link NOTAMs

The Data Link Operational Authorization Checklist produced by the FAA calls for the use of State NOTAMS as part of the source documents to be used in gaining approval for the use of CPDLC and ADS-C. NOTAMS issued by the FAA for data link operations in the New York Oceanic FIR and the Oakland Oceanic FIR may be found in the NOTAM Book available on line at http://www.faa.gov/air_traffic/publications/notices/. To locate the NOTAMS go to Part 3 – International NOTAMS, Section 2 – International Oceanic Airspace Notices. Once in that section search specifically for: “New York Oceanic FIR Data Link Procedures and for Oakland look for “Controller Pilot Data Link Communications (CPDLC).

Also, a valuable URL pertaining to Data Link operations approval is: http://www.faa.gov/about/office_org/headquarters_offices/ato/service_units/enroute/oceanic/data_link/ which you can use as an aid in preparing your application for data link operational approval.
